

PRE-REQUISITES – IBM Cloud Service

Project name	IoT Based Crop Protection System for Agriculture
Team ID	PNT2022TMID08774

Dashboard:

The screenshot shows the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Dhinesh N's Account). Below the navigation bar, the main content area is titled "Dashboard" and includes a "Create resource" button. The dashboard is divided into two main sections. The top section, "For you", features a "Build" card with a blue gradient background and several smaller cards for getting started with Watson Studio, building a web app with Watson Speech to Text, using Speech to Text, using Text to Speech, and using Knowledge Studio. The bottom section contains four cards: "News" with a list of recent articles, "Recent support cases", "Planned maintenance", and "IBM Cloud status" with a world map.
